

CyFAN Cymru: Cymuned dros Fwyd, Amaeth a Natur / Community for Food, Agriculture and Nature

Vision / Gweledigaeth

We want to see a food and farming system in harmony with healthy and thriving communities, interwoven with a rich natural environment, and reflecting the distinctive character of Wales.

‘Rydym am weld system fwyd a ffermio sydd mewn cytgor â chymunedau iach a llewyrchus, yn cydbblethu ag amgylchedd naturiol cyfoethog, ac yn adlewyrchu cymeriad neilltuol Cymru.

Mission / Cenhadaeth

We bring people together to create a platform to re-design and renew food and farming systems and land use in Wales.

‘Rydym yn dod â phobl at ei gilydd i greu llwyfan er mwyn ail-ddylunio ac adnewyddu systemau bwyd a ffermio a defnydd tir yng Nghymru.

Aims / Amcanion

To **develop an appreciation** throughout society of the important place of food and farming in Wales, thus enabling everyone to be involved in shaping the future of the Welsh food system.

To **advocate** for health, fairness and environmental sustainability throughout the food system.

To **convene** diverse voices in order to explore complex practical and ethical questions and develop mutual respect and understanding.

To **empower** people across Wales to take positive action for themselves and their communities.

Datblygu gwerthfawrogiad trwy’r gymdeithas gyfan o le pwysig bwyd a ffermio yng Nghymru, a thrwy hynny alluogi pawb i gyfranogi wrth lunio dyfodol system bwyd Cymru.

Eiriol dros iechyd, tegwch a chynladwyedd amgylcheddol drwy’r holl system fwyd.

Cynnull gwahanol leisiau **ynghyd** er mwyn archwilio cwestiynau ymarferol a moesol cymhleth a meithrin parch a dealltwriaeth rhwng pawb.

Galluogi pobl Cymru i weithredu’n gadarnhaol drostynt eu hunain a’u cymunedau.
